Concept Area

Improve Connections

Existing Conditions

Concept Possibilities

GATEWAY PARK

Add a gateway where the path crosses over Sierra Madre Blvd. and include turf areas with ample seating, tree groves, and picnic tables.

EXPANDED OPEN SPACE

Connect existing space along the east bank of the channel. Create a native drought-tolerant garden between the channel and neighboring residential community.

NEIGHBORHOOD AMENITY

Provide varying sizes of zones for amenities like areas for respite, open spaces for leisure, and pedestrian paths with native habitat gardens.
